

Grading Practices

School: Kellam HS

Subject(s): Math

Grade Level: ALGEBRA I SERIES and LAB

Homework

Homework will be assigned. Will be worth 5% of grade.

Late Work

Late work can be turned in up until the unit test. 25% off per week late. Projects: 10% off per day late.

Explanation of Zeroes

Zeros are place holders until grades are due and then they become the grade the student receives for that assignment. Teacher will use coding within gradebook to distinguish if missing or absent.

Reassessment

Reassessment can occur if the student has completed all assignments for the unit and has attended tutoring before the retest. Must be done within two weeks of the original test being returned. The reassessment grade can replace the original test grade within one increased grade level, if earned.

Make-up Work

Students have a week to make up work because of an absence. If make-up work exceeds one week, the guidelines fall under "Latework". Special Ed will be in accordance with their accommodations. All tests and quizzes must be made up regardless the excuse of absence.

Extra Credit

Bonus questions, no extra credit. Bonus questions will be aligned to current curriculum standards.
